Unfinished business from January meeting.

Board members needed!! Please Help with filling in the vacancies for these board positions. It is important to have club participation in the council! It's not a one man Job.

The clubs expect the council to represent them, and fight for our rights to get access to the lakes, work on better launch ramps, repair dams and access roads. This takes effort and requires the council and its clubs to do their part.

Secretary

Treasurer needed due to Gary Bass stepping down

Vice President/Tournament director
